

In an age of constant hype, with too many manufacturers enshrining their specifications (and the misinformed sowing seeds of confusion) only a few stand out as being capable of producing components that are truly high fidelity.

At Symmetry, our business is the identification and assembly of quite simply the finest audio/video systems. To achieve this we ensure that every item we distribute is the absolute best within its category, an approach that leads us to source products from across the globe.

Symmetry is proud to be associated with many of the world's finest manufacturers - companies whose products and reputation have withstood the test of time. If you share their belief that only the best will do, contact us.
