

our new spring collection

The evolution begins now...

Introducing the next generation in Ayre technology. The evolution series is a collection of design achievements that further advances Ayre's position at the forefront of audio and video design. Every Ayre component has been upgraded to offer a new level of sonic performance and reveal all of the musical nuances you were meant to experience.

No 326S Stereo Preamplifier

The new Mark Levinson No 326S features audio circuits, controls and optional phono modules, based on the award winning Mark Levinson No 32 Reference Preamplifier. The No 326S features Arlon circuit boards, together with discrete volume attenuators. Following the Mark Levinson tradition the No 326S exceeds all your expectations and creates a new standard for stereo preamplifiers.

CS2.4 Loudspeakers

The CS2.4 is the result of Thiel's more than 25 years of extensive experience in designing high performance loudspeakers. Since 1977, Thiel's history of innovative engineering has led to significant sonic improvements in each new model, resulting in speakers with the most outstanding performance in their class.
